QUESTION DETAILS:

All Questions: You and all members of your household should be considered when answering any question on this application.

Question 1: Include company automobiles provided for your use, or for use by a member of your household. All automobiles licensed for road use need to be counted regardless of individual insurance. Full Timers should count their RV as an automobile and not a residential property.

Question 2: Primary residential properties must have liability coverage under a policy containing Comprehensive Personal Liability (including Homeowners and Farmowners). Seasonal, secondary, or rental residential properties may have liability coverage under a Comprehensive Personal Liability or Premises Liability Policy. Do not include residential properties that are covered under a Commercial General Liability Policy or other non-personal Premises Liability Policy as they are excluded from coverage.

Question 6: In Kansas and Massachusetts, count only those **drivers** with six years or less driving experience. Driving with a permit is not considered driving experience and should not be included with the six years as driving experience.

Question 11: RLI provides worldwide coverage, provided suit on the merits is brought in the U.S. (including its territories and possessions) or Canada.

PUP HELPFUL HINTS:

- PUP Special exposure charges are added to either the Preferred, Standard or Standard II premium.
- Drivers age 21 and under or age 80 or over may not have any alcohol related incidents. These drivers may have only one incident.
- The total number of residential properties allowed is 10. The maximum number of residential properties owned or rented by you or any member of your household located outside the U.S. (including its territories and possessions) and Canada is 5.
- The exposure charge for 641 to 1280 acres is a flat charge. It is not a per acre charge.
- Required underlying liability limits for Automobile, Uninsured/Underinsured Motorist (UM/UIM), Property, and Watercraft are listed on the
 application. Carefully review these limits and make certain that you and all members of your household are carrying the proper
 underlying amount of coverage.
- If you cancel the policy prior to the end of the Policy period, the return premium may be calculated on a basis that is other than a pro rata basis. The premium returned may be reduced by up to 10% of the pro rata return premium and will be calculated at the time of cancellation (does not apply to residents of Connecticut).
